## VDE pliers and screwdriver set, 6 pcs.

For all jobs at live parts.

Wire cutter made from high-quality chromium vanadium steel, 2-component handle with anti-slip protection for safe working, black painted cutting head. Screwdriver with ergonomic, non-slip 2-component handle and fully hardened chromium vanadium blades. All insulated pliers and screwdrivers are tested in accordance with VDE/GS and meet the new stricter standard IEC 60900:2004 without compromise. It stipulates among others individual testing in a water bath with a test voltage of 10,000 Volts.

The yellow-red VDE insulation makes the tools stand out clearly from non-insulated tools.

200 – 250 Volt voltage tester. Storage in handy, stable plastic case.
