Waterproof tool case

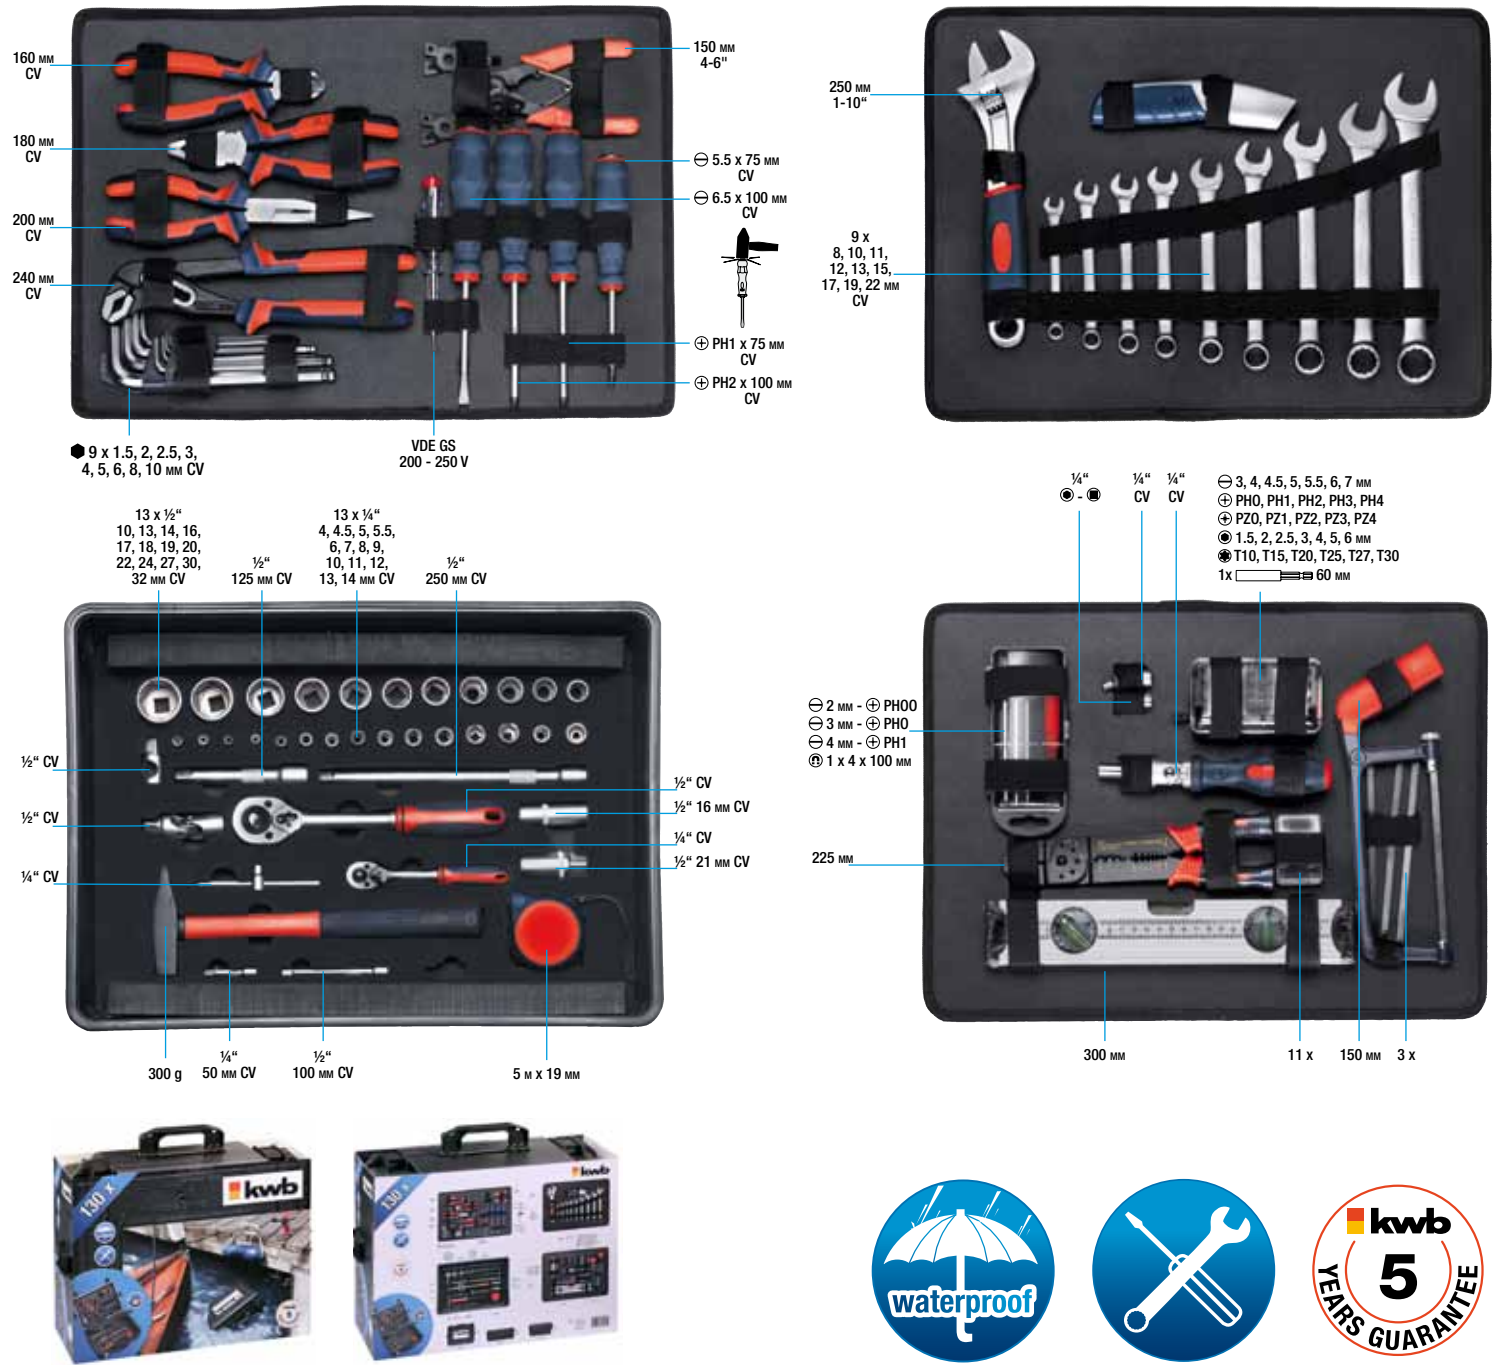

GB/08.12/50

101 pcs.

130 pcs.

Waterproof tool case, 101 pcs. ★★★★★

Protect your valuable tools from rust and corrosion. Using this waterproof tool case you can comfortably take your high-quality tools with you to any construction site on the loading bay of your transporter or also take it along on travels or use it in your free-time. The tool box is made from a highly impact-proof plastic. It comes with a four point lock and it is extremely resistant. A peripheral seal in the expansion joint completely seals the tool box. The waterproof tool box has a valve for pressure compensation so that air can escape in case of changes in temperature or high external pressure. All tools are securely held in place by loops. The 101 pcs. case offers a foam insert where also other tools or a driller and cordless screwdriver can be accommodated with ease..
