English (GB) Safety instructions

Original safety instructions

These safety instructions give a quick overview of the safety precautions to be taken in connection with any work on this product. Observe these safety instructions during handling, installation, operation, maintenance, service and repair of this product. These safety instructions are a supplementary document, and all safety instructions will appear again in the relevant sections of the installation and operating instructions. Keep these safety instructions at the installation site for future reference.

General Information

Read this document and the online version of the installation and operating instructions before installing the product. Installation and operation must comply with local regulations and accepted codes of good practice.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

Installing the product

Make sure that the system in which the pump is incorporated is designed for the maximum pump pressure.

This pump has been evaluated for use with water only.

Observe local regulations concerning limits for manual lifting or handling.

CAUTION Crushing of feet

Minor or moderate personal injury

- Use safety shoes when handling the pump.

DANGER

Electric shock

Death or serious personal injury

- Switch off the power supply before you start any work on the product. Make sure that the power supply cannot be accidentally switched on.

Electrical connection

DANGER

Electric shock

Death or serious personal injury

- Switch off the power supply before you start any work on the product. Make sure that the power supply cannot be accidentally switched on.
- The pump must be earthed.

DANGER

Electric shock

Death or serious personal injury

- The protective earth of the socket outlet must be connected to the protective earth of the pump. The plug must therefore have the same PE connection system as that of the socket outlet. If not, use a suitable adapter.

We recommend that you fit the permanent installation with a residual-current circuit breaker, RCCB, with a tripping current less than 30 mA.

DANGER

Electric shock

Death or serious personal injury

- If the pump is used for cleaning or other maintenance of swimming pools, garden ponds or similar places, make sure that the pump is supplied through a residual-current circuit breaker, RCCB, with a tripping current of 30 mA.

DANGER

Electric shock

Death or serious personal injury

- Connect pumps that are delivered without cable and/or plugs to an external main switch with a minimum contact gap of 3 mm in all poles.

Make sure that there is at least 3 m free cable above the liquid level.

Check that the supply voltage and frequency correspond to the values stated on the pump nameplate.

The electrical connection must be carried out by an authorised electrician in accordance with local regulations.

Starting up the product

WARNING

Flammable material

Death or serious personal injury

- Do not use the pump for flammable liquids, such as diesel oil, petrol or similar liquids.

DANGER

Electric shock

Death or serious personal injury

- Do not use the pump in swimming pools, garden ponds or similar places if there are people in the water.

Intended use

Grundfos SB and SBA pumps are designed for pumping clean water. The pumps are especially suitable for rainwater applications and small private wells.

Typical applications:

- traditional wells
- shallow wells
- rainwater collection in tanks
- boosting of public water
- emptying of garden ponds
- irrigation.

Maintaining the product

DANGER

Electric shock

Death or serious personal injury

- If the power supply cable is damaged, it must be replaced by the manufacturer, his service agent or similarly qualified persons in order to avoid hazard.

Fault finding the product

DANGER

Electric shock

Death or serious personal injury

- Switch off the power supply before you start any work on the product. Make sure that the power supply cannot be accidentally switched on.

Disposing of the product

This product or parts of it must be disposed of in an environmentally sound way.

1. Use the public or private waste collection service.
2. If this is not possible, contact the nearest Grundfos company or service workshop.

The crossed-out wheeled bin symbol on a product means that it must be disposed of separately from household waste. When a product marked with this symbol reaches its end of life, take it to a collection point designated by the local waste disposal authorities. The separate collection and recycling of such products will help protect the environment and human health.

See also end-of-life information at www.grundfos.com/product-recycling.

Appendix A

A.1. Limited warranty

Products manufactured by Grundfos Pumps Corporation (Grundfos) are warranted to the original user only to be free of defects in material and workmanship for a period of 24 months from date of installation, but not more than 30 months from date of manufacture. Grundfos' liability under this warranty shall be limited to repairing or replacing at Grundfos' option, without charge, F.O.B. Grundfos' factory or authorized service station, any product of Grundfos manufacture. Grundfos will not be liable for any costs of removal, installation, transportation, or any other charges that may arise in connection with a warranty claim.

Products which are sold, but not manufactured by Grundfos, are subject to the warranty provided by the manufacturer of said products and not by Grundfos' warranty.

Grundfos will not be liable for damage or wear to products caused by abnormal operating conditions, accident, abuse, misuse, unauthorized alteration or repair, or if the product was not installed in accordance with Grundfos' printed installation and operating instructions and accepted codes of good practice. The warranty does not cover normal wear and tear.

To obtain service under this warranty, the defective product must be returned to the distributor or dealer of Grundfos' products from which it was purchased together with proof of purchase and installation date, failure date and supporting installation data. Unless otherwise provided, the distributor or dealer will contact Grundfos or an authorized service station for instructions. Any defective product to be returned to Grundfos or a service station must be sent freight prepaid; documentation supporting the warranty claim and/or a Return Material Authorization must be included if so instructed.

Grundfos will not be liable for any incidental or consequential damages, losses, or expenses arising from installation, use, or any other causes. There are no express or implied warranties, including merchantability or fitness for a particular purpose, which extend beyond those warranties described or referred to above. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages and some jurisdictions do not allow limitations on how long implied warranties may last. Therefore the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from jurisdiction to jurisdiction.

Products which are repaired or replaced by Grundfos or authorized service center under the provisions of these limited warranty terms will continue to be

covered by Grundfos warranty only through the remainder of the original warranty period set forth by the original purchase date.

A.2. Garantía limitada

Grundfos Pumps Corporation (Grundfos) garantiza exclusivamente al usuario original que los productos fabricados por dicha empresa se encontrarán libres de defectos de materiales y mano de obra durante un período de 24 meses a partir de la fecha de instalación, sin superar en ningún caso los 30 meses a partir de la fecha de fabricación. La responsabilidad de Grundfos en el ámbito de esta garantía se limitará a la reparación o sustitución, a decisión de Grundfos, de forma gratuita y debiendo el comprador correr con los gastos de transporte hasta la fábrica o el centro de servicio autorizado de Grundfos, de cualquier producto fabricado por Grundfos. Grundfos no se hará responsable de ningún costo derivado de la remoción, la instalación o el transporte del producto ni de cualquier otro gasto que pudiera surgir en relación con una reclamación en garantía. Aquellos productos comercializados por Grundfos que no hayan sido fabricados por dicha empresa se encontrarán sujetos a la garantía proporcionada por el fabricante del producto correspondiente y no a la garantía de Grundfos.

Grundfos no se responsabilizará de aquellos daños o deterioros que sufran los productos como consecuencia de condiciones de operación anómalas, accidentes, abusos, usos indebidos, alteraciones o reparaciones no autorizadas o instalaciones no realizadas de acuerdo con las instrucciones impresas de instalación y operación de Grundfos o los códigos aceptados de prácticas recomendadas. Esta garantía no cubre el desgaste y deterioro normales de los componentes. Si desea recibir servicio al amparo de esta garantía, deberá devolver el producto defectuoso al distribuidor o proveedor de productos Grundfos al que lo haya adquirido, adjuntando con el mismo una prueba de compra, así como las fechas de instalación y falla, y los datos relacionados con la instalación. A menos que se indique lo contrario, el distribuidor o proveedor se pondrá en contacto con Grundfos o con un centro de servicio autorizado para solicitar instrucciones. Cualquier producto defectuoso que deba ser devuelto a la fábrica o a un centro de servicio deberá enviarse con porte pagado, incluyendo la documentación relacionada con la reclamación en garantía y/o una Autorización de devolución de material, si así se solicita. Grundfos no se responsabilizará de aquellos daños, pérdidas o gastos accidentales o resultantes que pudieran derivarse de la instalación o el uso de sus productos, ni tampoco de cualquier otra causa que emane de los mismos. No existen garantías expresas o implícitas, incluidas aquellas de

comerciabilidad o idoneidad para un fin determinado, que amplíen las garantías que se describen o a las que se hace referencia en los párrafos anteriores.

Ciertas jurisdicciones no admiten la exclusión o limitación de los daños accidentales o resultantes; otras rechazan la imposición de limitaciones en cuanto a la duración de las garantías implícitas. Es posible, por tanto, que las limitaciones o exclusiones anteriores no le sean de aplicación. Esta garantía le confiere derechos legales específicos. Puede que disponga de otros derechos en virtud de su jurisdicción. Los productos reparados o sustituidos por Grundfos o un centro de servicio autorizado al amparo de esta garantía limitada continuarán disfrutando de la garantía de Grundfos hasta la fecha de extinción de la garantía original, determinada por la fecha de compra original.

A.3. Garantie limitée

Les produits fabriqués par Grundfos Pumps Corporation (Grundfos) sont garantis, uniquement pour l'utilisateur initial, exempts de défauts de matériaux et de fabrication pour une période de 24 mois à compter de la date d'installation, mais au plus 30 mois à compter de la date de fabrication. Dans le cadre de cette garantie, la responsabilité de Grundfos se limite à la réparation ou au remplacement, à la convenance de

Grundfos, sans frais, F.O.B. de l'usine Grundfos ou d'un atelier de maintenance autorisé, de tout produit de fabrication Grundfos. Grundfos n'assume aucune responsabilité quant aux frais de dépose, d'installation, de transport ou pour toute autre charge pouvant survenir en relation avec une réclamation au titre de la garantie.

Les produits vendus mais non fabriqués par Grundfos sont couverts par la garantie fournie par le fabricant des dits produits et non par la garantie de Grundfos. Grundfos n'est responsable ni des dommages ni de l'usure des produits causés par des conditions d'exploitation anormales, un accident, un abus, une mauvaise utilisation, une altération ou une réparation non autorisée, ou par une installation du produit non conforme aux notices d'installation et de fonctionnement imprimées de Grundfos ainsi qu'aux codes de bonnes pratiques communément acceptés. La garantie ne couvre pas l'usure normale.

Pour bénéficier de la garantie, il faut renvoyer le produit défectueux au distributeur ou au revendeur de produits Grundfos chez qui il a été acheté, accompagné de la preuve d'achat, de la date d'installation, de la date du dysfonctionnement ainsi que des données concernant l'installation. Sauf disposition contraire, le distributeur ou le revendeur contactera Grundfos ou un atelier de maintenance autorisé pour obtenir des instructions. Tout produit défectueux renvoyé à Grundfos ou à un atelier de maintenance doit être expédié port payé; la

documentation relative à la déclaration de demande de garantie et à une autorisation de retour de matériel éventuelle doit être jointe, si elle est demandée.

Grundfos n'assume aucune responsabilité en cas de dommages indirects ou consécutifs, de pertes ou de dépenses résultant de l'installation, de l'utilisation ou de toute autre cause. Il n'existe aucune garantie, explicite ni implicite, y compris la qualité marchande ou l'adéquation pour un usage particulier, en dehors des garanties décrites ou mentionnées ci-dessus. Certaines juridictions n'autorisent pas l'exclusion ou la limitation des dommages indirects ou consécutifs, et certaines juridictions ne permettent pas de limiter la durée des garanties implicites. Il se peut donc que les limitations ou exclusions mentionnées ci-dessus ne soient pas applicables dans votre cas. Cette garantie vous donne des droits légaux spécifiques. Il se peut que vous ayez également d'autres droits qui varient d'une juridiction à l'autre.

Les produits qui sont réparés ou remplacés par Grundfos ou par atelier de maintenance autorisé, en vertu des dispositions de ces conditions de garantie limitée, continueront à être couverts par la garantie Grundfos uniquement pendant le reste de la période de garantie initialement fixée à la date d'achat d'origine.
