This block contains three diagrams. At the top, a row of three circular icons: a hand holding a tool with a checkmark, a warning triangle with an exclamation mark, and a crossed-out icon of a hand holding a tool. Below these, on the left, are two rectangular diagrams. The first shows a tool bit correctly inserted into a handle with a checkmark. The second shows a tool bit incorrectly inserted into a handle with a diagonal line through it. On the right, a larger diagram shows a cross-section of a tool's internal mechanism with a callout pointing to a specific component.

[illegible]

 $9l > 180s$

Diagram illustrating the installation of the ALCO PLAST water filter:

- Warning:** A box indicates a water drop icon, a clock icon showing 45 minutes, the text "9l > 180s", and a crossed-out cigarette icon.
- Step 1:** The filter is inserted into the tap handle.
- Step 2:** The filter is rotated clockwise until it clicks, as indicated by the circular inset labeled "2" and the word "CLICK".
